

# CITROËN XM Series I

## ORIGINAL PARTS

< 1 July 1994

< O R G A 6 4 4 4

## Legend

how to read the fiche? 5  
ORGA numbers 6

## Engine

air-air distribution chamber 106-107  
camshaft 76-88  
cooling fan 173-184  
crankshaft pulley 41-69  
cylinder block, piston 27-35  
cylinder head cover 16-26  
engine 7-15  
gear housing, plugs 36-40  
oil filler, decanting unit 153-161  
oil pump, chain belt 112-122  
oil sump, filter, level sender 123-152  
rod, jacket, piston rings 70-75  
turbo air piping 109-111  
turbo charger oil return hose 103-105  
turbo lubrication 108  
valve adjusting pieces 100-102  
valve guide, rocker gear 89-99  
water pump 162-172

## Gearbox

automatic gearbox, complete 208-212  
brake c1, autobox 246  
brake c2, autobox 258  
clutch 185-191  
clutch a, autobox 249  
clutch b, autobox 247-248  
clutch converter 192  
clutch e, autobox 250-251  
clutch housing 215-220  
converter housing 223-226  
diaphragm, autobox 244

differential 299-301  
differential, front 302-303  
epicyclic train, autobox 252  
fixings 304-333  
freewheel d, autobox 257  
gearbox casing 221-222  
gearbox housing and fixing 227-229  
gearbox ratios 193-194  
gearchange cable, autobox 297-298  
gearchange control 280-288  
gearchange lever 278-279  
gearchange lever, autobox 295-296  
hydraulic unit housing, autobox 243  
hydraulic unit, autobox 242  
kickdown cable 289-294  
manual gearbox, complete 195-207  
oil pump, autobox 245  
oil radiator-exchanger, autobox 234-241  
output line, autobox 253  
primary shaft 259-263  
regulator, autobox 256  
repair kit, automatic gearbox 214  
repair kit, manual gearbox 213  
return shaft, driver pinion, autobox 254-255  
secondary shaft 264-271  
spindles, forks, ext gearchange 277  
spindles, forks, int gearchange 272-276  
tacho control 230-232  
tacho control, autobox 233

## Engine Equipment

accelerator cable and pedal 379-406  
air filter, hose, resonator 418-438  
alternator and fixings 452-463  
alternator components 464-482  
carburettor, injection body 353-356  
glow plug, electronic module 451  
ignition distributor 439-441

injection pipe set 368-377  
injection pump bracket 357-361  
injection pump, electro valve 362-367  
injection sensors 407-417  
injector adjustment washer 378  
intake manifold distributor 334-352  
spark plugs, ign module, coil 442-450  
starter components 487-500  
starter motor fastening 483-486

## Hydraulics and Running Gear

anti-roll bar, front 617-618  
brake accumulator 510  
crossmember and torsion bar 605-607  
flow distributor valve 640  
front pivots, hubs, bearings 598-599  
height correctors 619-620  
hp pump 501  
hp pump bracket 502-504  
hydractive components 593-597  
hydractive stiffness sphere 590-592  
hydraulic circuit breaker 505-506  
hydraulic circuit breaker bracket 507-508  
ignition and door locks 630  
leaf springs, rear 608-610  
lhm tank 511-512  
manual height control 621  
piping brackets 578-589  
return piping, rear suspension 570-577  
return piping, steering 550-569  
safety valve 509  
steering box and rack 638  
steering column support 628-629  
steering rack 631-634  
steering rack components 635-637,639  
steering regulator 641  
steering wheel and column 622-627  
supply piping, brake 534-549

supply piping, front suspension 516-528  
 supply piping, rear suspension 529-533  
 supply piping, steering 513-515  
 suspension cylinder and sphere, front 611-614  
 suspension cylinder and sphere, rear 615-616  
 wheel balance weights 603-604  
 wheel caps 602  
 wheels 600-601

## **Brakes and Transmission**

abs hydraulic unit 659  
 abs sensors 660-661  
 brake calipers and disks, front 652-653  
 brake calipers and disks, rear 654-657  
 brake control valve 658  
 brake pedal 642-643  
 clutch pedal and cable 644-646  
 driveshafts 647-651  
 parking brake 662-667

## **Electrical Equipment**

aerial 876  
 alarm 831  
 alphanumeric display panel 812-813  
 battery 832-834  
 carphone 879  
 central locking 863  
 connectors 785-794  
 connectors, repair 795-798  
 cruise control 814-815  
 cruise control regulator 816-817  
 cruise control servo 818-824  
 diagnostic sensor and connector 799  
 electronic modules, dashboard 871-873  
 horn 862  
 instrument panel 800-804  
 instrument panel components 808-811  
 lamp kit 784

lighting, front 835-839  
 lighting, glovebox 849  
 lighting, interior 845-848  
 lighting, number plate 844  
 lighting, rear 840-842  
 lighting, third stop 843  
 lighting, trunk and hood 850  
 loudspeaker 877-878  
 mainboard 864-865  
 radio, statics suppressor 874-875  
 relay boxes 866-868  
 relays 869-870  
 speedo cable 805-807  
 switches, center console 827  
 switches, fascia panel 825-826  
 switches, stalks and radio 829-830  
 switches, windows and seats 828  
 window washer, front 857-858  
 window washer, pump and reservoir 861  
 window washer, rear 859-860  
 window wiper, front 851-854  
 window wiper, rear 855-856  
 wiring harness, ceiling 771  
 wiring harness, electrovalve 737  
 wiring harness, engine 712-736  
 wiring harness, fascia panel console 746-766  
 wiring harness, front doors 775-776  
 wiring harness, heater and a/c 767-770  
 wiring harness, main 673-711  
 wiring harness, phone 778  
 wiring harness, rear 779-781  
 wiring harness, rear brake abs 744-745  
 wiring harness, rear doors 777  
 wiring harness, seatbelts 772-774  
 wiring harness, steering 738-743  
 wiring harness, supplementary front 668-672  
 wiring harness, tailgate 782-783

## **Engine Environment and Misc**

air conditioning, compressor 1008-1014  
 air conditioning, condenser-drier 1015-1016  
 air conditioning, piping 1017-1024  
 air outlets 1026-1027  
 anti-pollution canister 903-916  
 bumper, front 1005  
 bumper, rear 1006-1007  
 cooling expansion chamber 966  
 cooling radiator 959-965  
 cooling water piping 967-993  
 diesel filter, priming pump 897-898  
 diesel recycling 923-925  
 evaporator, pressure relief valve 1050  
 exhaust heat shields 926-937  
 exhaust manifold, catalyst 938-951  
 exhaust silencers 952-958  
 fuel filling pipes and ducts 901-902  
 fuel piping, securing 880-896  
 fuel tank, level sensor 899-900  
 heater unit 1025,1028  
 heater/cooler piping 1029-1045  
 heating and ventilation control 1046-1048  
 oxygen sensor 917-922  
 regulator, temp sensors 1049  
 thermostat, water outlet 994-1004

## **Body and Equipment**

a post 1089-1091  
 b post 1092-1094  
 badge 1168  
 body shell 1051-1052  
 bulkhead 1074-1076  
 center console, front 1173-1190  
 center console, rear 1191-1194  
 cradle 1064-1071  
 crossmember, front 1085  
 dashboard, air vents 1205-1207

dashboard, center panel 1208-1217  
 dashboard, fascia 1195-1200  
 dashboard, glovebox 1201-1204  
 door and window, tailgate 1156-1161  
 door lock and handle, front 1118-1121  
 door lock and handle, rear 1144-1147  
 door lock and handle, tailgate 1162-1165  
 door, front 1111-1114  
 door, rear 1138-1141  
 floor, rear 1106-1109  
 front frame 1060  
 fuel filler cap 1166-1167  
 hood 1078-1080  
 load securing 1110  
 plugs and caps 1058-1059  
 radiator grille 1081  
 rearview mirror 1122-1137  
 roof side panels 1055-1057  
 roof, luggage carrier 1053-1054  
 side frame 1095-1102  
 sidemember 1086-1088  
 strips and protectors 1169-1172  
 sunroof 1103-1105  
 underbody protection 1077  
 wheelarch and cant rail, front 1061-1063  
 window, front door 1115-1117  
 window, rear door 1142-1143  
 window, rear quarter 1148  
 window, tailgate separator 1218-1219  
 windscreen 1072-1073  
 wing, front 1082-1084  
 wing, rear 1149-1155

### ***Inner Trimming and Equipment***

armrest, rear 1423-1426  
 headlining 1463-1474  
 jack 1236  
 mats 1427

parcel shelf 1475-1482  
 rearview mirror, sun visor 1220-1223  
 seat frame, front, electric 1273-1309  
 seat frame, front, manual 1237-1272  
 seat frame, rear 1386-1390  
 seat frame, rear split 1337-1341  
 seat padding, front 1310-1336  
 seat padding, rear 1391-1422  
 seat padding, rear split 1342-1385  
 seatbelts, front 1224-1229  
 seatbelts, rear 1230-1231  
 spare wheel bracket 1232-1235  
 trim, front 1428-1442  
 trim, front door 1483-1533  
 trim, rear 1443-1450  
 trim, rear door 1534-1578  
 trim, trunk 1451-1462

### ***Appendix***

cross reference, brakes and transmission 1617-1618  
 cross reference, car body and equipment 1643-1651  
 cross reference, electrical equipment 1619-1626  
 cross reference, electrical harnesses 1627-1633  
 cross reference, engine and gearbox 1586-1600  
 cross reference, engine environment and misc.  
 1634-1642  
 cross reference, engine equipment 1601-1609  
 cross reference, hydraulics and running gear

 1652-1669  
 paint colors 1583  
 symbols 1584-1585  
 vehicle type 1579-1582

# Legend *How to read the fiche?*

A fiche set consists of several fiche sheets, each depicting a large number (200 or more) of individual fiche pages. Each page has its own *drawing number*, referenced from the cross reference charts in the Appendix.

The left column shows the components with reference numbers while the right column gives model information and the actual descriptions and Citroën part numbers for all referenced, individual parts.

# Legend ORGA Numbers

The organization number shows the day when your car was actually assembled on the production line. The dealers and parts stores use this number (sometimes also called RP or Replacement Parts number) to identify the various parts and components fitted to your car.

On your car, the ORGA number can be found stamped on the left hand front door A-pillar, above the courtesy light switch.

Calculating the production date is very easy using the following table. Locate the largest number in the table still less than or equal to your organization number.

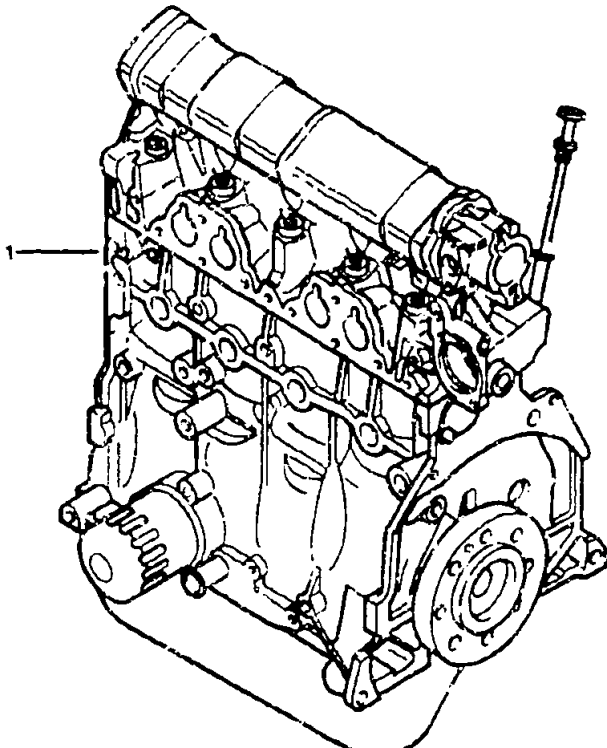

To see an example, let's assume the number is **4859**. Then the largest number

will be **4832** in the cell **February 1990**. Just subtract this number from your organization number to get the day of the month of the production of your car (in our example,  $4859 - 4832 = 27$  yields **February 27, 1990**).

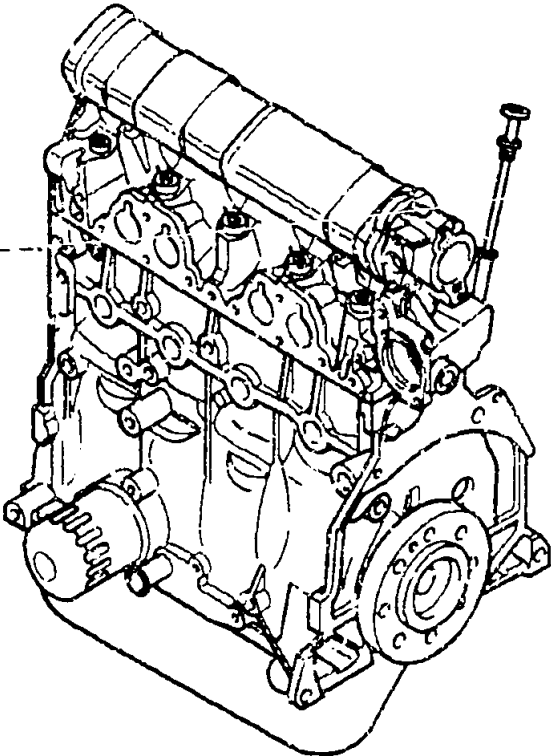

If you receive the non-existent date zero (this happens when your organization number is not greater than but equal to the number in the table), simply take the last day of the previous month. For instance, for the organization number **5013** the largest number in the table is **5013** in the cell **August 1990**, subtraction results in **zero**, hence the production date is **July 31, 1990**.

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

The diagram shows an exploded view of a crankshaft pulley assembly. The main crankshaft is shown with the pulley (12) mounted on its end. Various components are numbered 1 through 35. A detailed view of the pulley assembly is shown at the top right, with parts 13, 14, 11, 10, 9, 34, and 25. A detailed view of the pulley itself is shown at the bottom left, with parts 12, 30, and 32. The parts list table is located to the right of the diagram.

Exploded view diagram of a camshaft belt camshaft gear assembly. The diagram shows the camshaft (2) with various gears (1, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40) and their respective fasteners. A parts list table is provided on the right side of the diagram, detailing the part numbers and descriptions for items 33 through 40.

---	--	------------	---

The diagram shows an exploded view of a gearbox clutch assembly. The main component is a cylindrical housing (1) with a gear ring (2) on its outer edge. Inside the housing, there is a clutch disc (3) with a central hub (4). The disc is held in place by a spring (5) and a washer (6). A stop washer (7) is positioned between the disc and the housing. The assembly is secured by a nut (8) and a washer (9). A stop washer (10) is also shown. Other components include a washer (11), a washer (12), a washer (13), and a washer (14).

0269 01 <b>3480</b> 50		FIXING POWER UNIT	
PAGE 1			

The diagram shows an exploded view of the gearbox fixing power unit. At the top, there are two rows of individual parts: 14, 24, 15, 16, 18, 30, 31, 32, 48, 34, 43, 35 in the first row; and 37, 44, 36, 39, 40, 42, 45, 33, 34, 43, 35 in the second row. Below these are various sub-assemblies and components, each labeled with a number from 1 to 55. The main assembly includes a housing (1), a shaft (2), a bearing (3), a gear (4), a pinion (5), a housing (6), a shaft (7), a gear (8), a housing (9), a housing (10), a housing (11), a housing (12), a housing (13), a housing (14), a housing (15), a housing (16), a housing (17), a housing (18), a housing (19), a housing (20), a housing (21), a housing (22), a housing (23), a housing (24), a housing (25), a housing (26), a housing (27), a housing (28), a housing (29), a housing (30), a housing (31), a housing (32), a housing (33), a housing (34), a housing (35), a housing (36), a housing (37), a housing (38), a housing (39), a housing (40), a housing (41), a housing (42), a housing (43), a housing (44), a housing (45), a housing (46), a housing (47), a housing (48), a housing (49), a housing (50), a housing (51), a housing (52), a housing (53), a housing (54), a housing (55).

The diagram shows an exploded view of a gearbox power unit. The main assembly is shown in the center, with various components labeled with numbers from 1 to 49. Two inset tables at the top and bottom of the diagram show individual parts with their corresponding numbers. The top table includes parts 15, 21, 18, 31, 10, 22, 30, 46, 24, 33, 17, 36, and 39. The bottom table includes parts 37, 44, 38, 42, 43, 45, and 48. The main assembly is labeled with 'P3480000' and '[12/94]'.

0269 02 1419 05A		ACCELERATOR CABLE AND PEDAL	
PAGE 2			

The diagram shows an exploded view of the accelerator cable and pedal assembly. Key components include the pedal (1), cable (11), control drum (18), and various fasteners. A parts list on the right provides the part numbers and descriptions for each component. The diagram also includes a small inset showing two different types of washers (40 and 44) and a note 'NFP' (Not For Part).

Exploded view diagram of an injection sensor assembly. The diagram shows the main sensor unit (1) with various mounting brackets (2, 3, 4, 5, 6, 7), electrical connectors (8, 9, 10, 11), and hoses (12, 13). A detailed view of the sensor housing (1) shows internal components and mounting points. Technical specifications include  $\frac{12}{13+B}$ ,  $\frac{3}{2+A}$ , and P:441250. A small inset shows three fasteners: a self-tap screw (30), a washer-nut (31), and a screw with base (32).

<p>The diagram shows an exploded view of the engine's air intake system. At the top, a carburetor (1) is connected to a resonator (2) via a hose (3). The resonator contains a pre-filter (2) and is secured with a speed nut (4) and a hexagonal nut (5). A resonator hose (13) connects the resonator to the air filter (1). The air filter (1) is a rectangular pleated unit. Various bolts (32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48) and washers (40, 41, 42, 43, 44, 45, 46, 47, 48) are used to secure the components. A pre-filter (2) is shown at the bottom right. The diagram is labeled with 'P1700020' and '04/88'.</p>

Diagram illustrating the main wiring harness under the bonnet, showing components 30 through 38. The diagram includes a 'REFER' callout and various electrical symbols. The components are labeled as follows:

- 30: Connector
- 31: Connector
- 32: Connector
- 33: Connector
- 34: Connector
- 35: Connector
- 36: Connector
- 37: Connector
- 38: Connector

The diagram also shows the location of these components on the engine bay, with callouts to various electrical symbols and a 'REFER' callout.
